

Hello Parents!

We are so excited that your children will be opening the church service with a song on **November 20** for Anniversary Sunday. Here are a few logistics so things run smoothly that day:

Your child will be singing in the service you regularly attend. They are welcome to sing in more than one service if you would like! The second service is live-streamed onto our website, Facebook, and YouTube platforms. If you do not want your child to be on the livestream feed, please choose a different service time.

We will have four rows reserved down front on the right side of the auditorium (kitchen side). Please use this section as seating for your family during the service. This will allow you to drop off your child and make it easier for them to find you after the song. Plan to drop off your child in this section 10 minutes before the service starts. Jay and Amy Tickle will line up the children and lead them on stage. The children will be singing from the choir risers. Please make sure your child wears **FLAT shoes**.

Once their song is done, Jay and/or Amy will escort them off the stage and back to the reserved section to find you.

Again, we are so excited to have your children sing for Anniversary Sunday.

Let us know if you have any questions!

**Nicole M. George**
